

PPP Agrochemical PPP Pepper & Spices Taskforces

Flavio Corsin

Director - Aquaculture, Agrochemicals, Vietnam

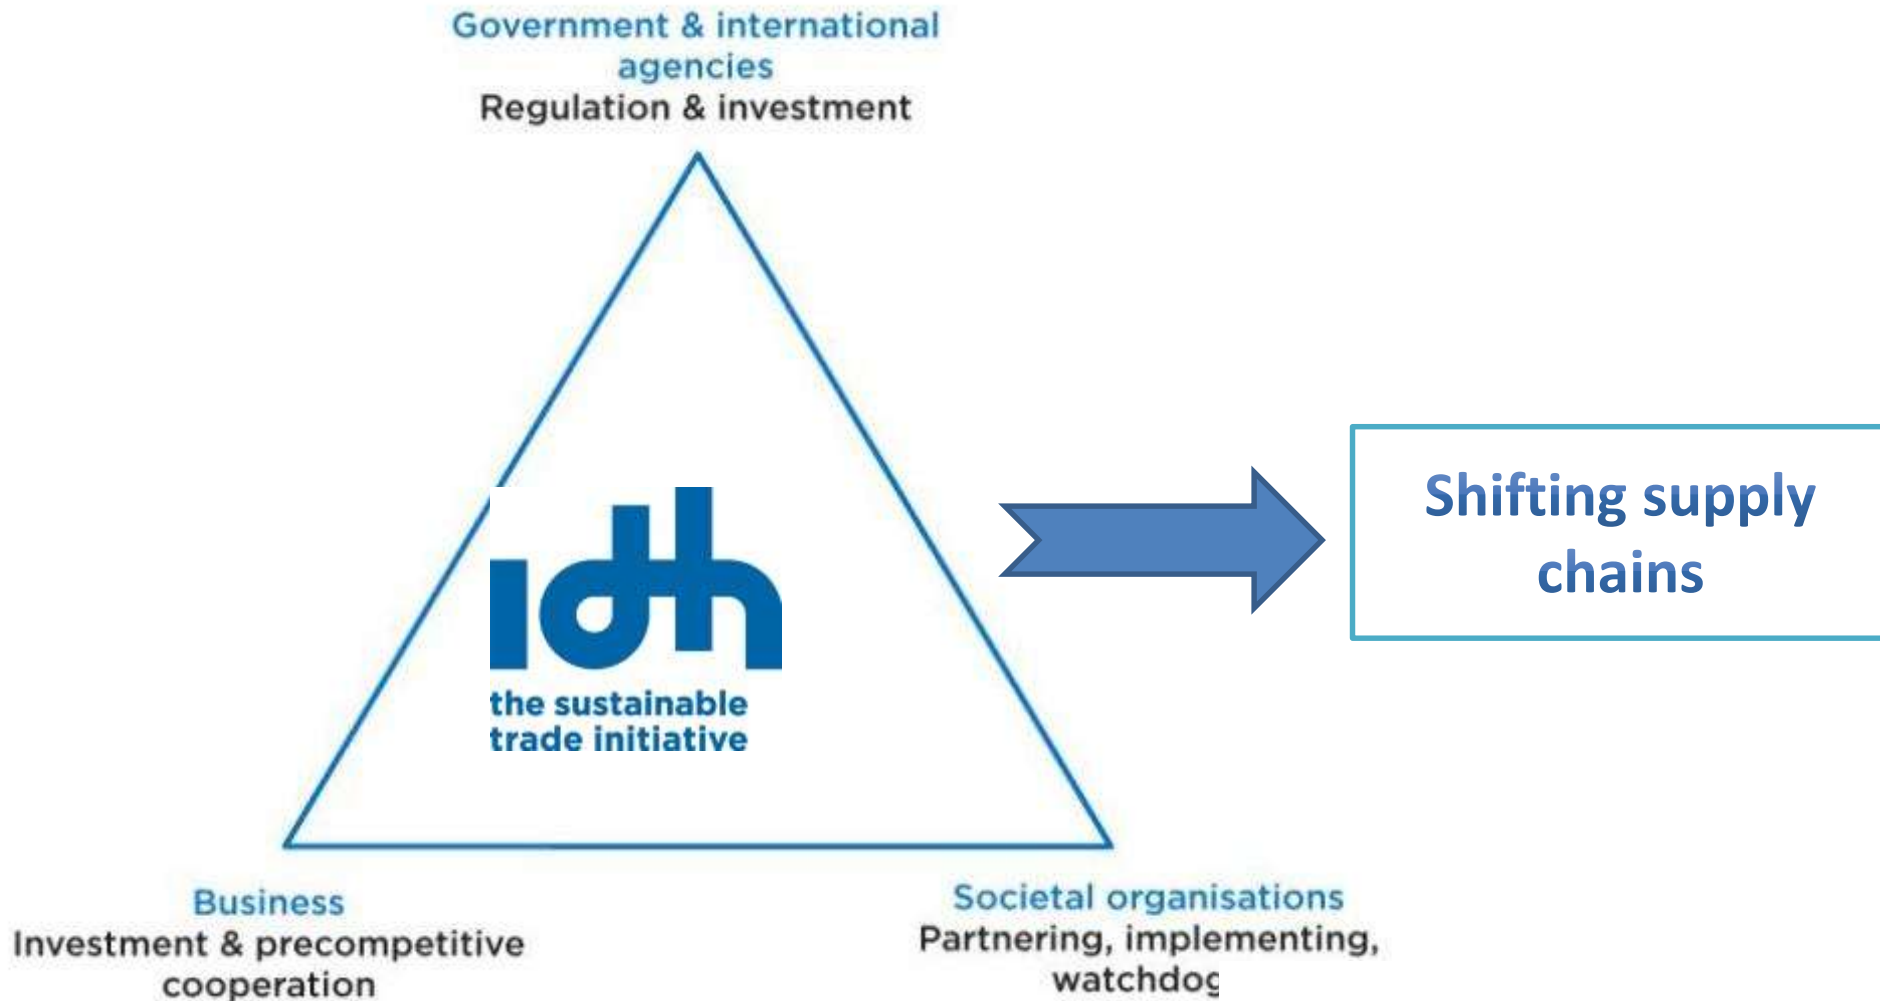

**the sustainable
trade initiative**

Global challenges/opportunities

- **3 million workers** in agriculture in the developing world experience severe poisoning from pesticides, each year. 20 000 – 40 000 of them die
- **25 million workers** in developing countries may suffer mild pesticide poisoning each year
- **30% of the pesticides** in developing countries do not meet internationally recognized safety standards
- **2 million Vietnamese farmers** affected by chronic pesticide poisoning

Ingredients

Soy

Pulp & paper

PPP Pepper & Spices Taskforce

- Warnings from importing market
- Monoculture pepper production
- Water scarcity

- Increasing global pepper consumption
- Vietnam - Top exporter of Black Pepper

PPP Pepper & Spices Taskforce

- Established in 2015, aiming at addressing sectoral issue in Pepper/Spices VN

PPP Pepper & Spices Taskforce - Results

- Organized 4 TF meetings in 2016
- Implemented 3 Field Level Projects, 1 project to start in 2017
- Successfully addressed issues on:
 - Recommendation to ban carbendazim in pepper production and storage
 - Respond to Metalaxyl issue
- Replied to the Action Plan developed by MARD:
 - National Sustainability Curriculum (NSC) for Pepper production
 - Agrochemicals Agents & Suppliers Control
 - Vietnam Pepper Coordination Board
 - M&E for MARD Action Plan

PPP Pepper & Spices Taskforce - Recommendations

National Sustainability Curriculum for Pepper Production

NSC for Pepper

- List of experts (tentative)
 - NAEC
 - DCP
 - DPP
 - WASI
 - CropLife
 - Bayer
 - Syngenta Foundation
 - Yara
 - Simexco, McComick, Olam, Nedspice
 - International experts as needed
- Modules to be covered (tentative):
 - Planting (field design, pepper varieties, multiplication ...)
 - Care and maintaining (irrigation, fertilization, pruning, mixed trees and shade trees...)
 - **Agrochemicals**
 - Harvesting, Processing, and Storage
 - International Standard and Certification
 - Climate Change Adaptation

Coffee case

- NSC for Coffee: published in 2015 with ToT/ToF materials available
- Used for training:
 - 2,000 farmers under Government extension programs
 - 62,500 farmers under VnSAT FFS training
 - 12,000 farmers by SCP trainings (companies' outreach – co-funded by IDH)

PPP Pepper & Spices Taskforce

Agrochemical Suppliers monitoring

- Training and awareness raising
- Management of Agrochemical agents and suppliers

PPP Pepper & Spices Taskforce

Vietnam Pepper Coordination Board

IDH 2020 global targets on agrochemicals showcase in Vietnam and India

6.5 MILLION HECTARES

Under responsible agrochemical management

4 MILLION FARMERS AND WORKERS

trained on responsible agrochemical management

PPP Agrochemical Taskforce

- A cross-cutting platform to address agrochemical issues across sectors in Vietnam, started in 2016
 - Pepper
 - Tea
 - Coffee
 - Fruits & Vegetables

PPP Agrochemical Taskforce

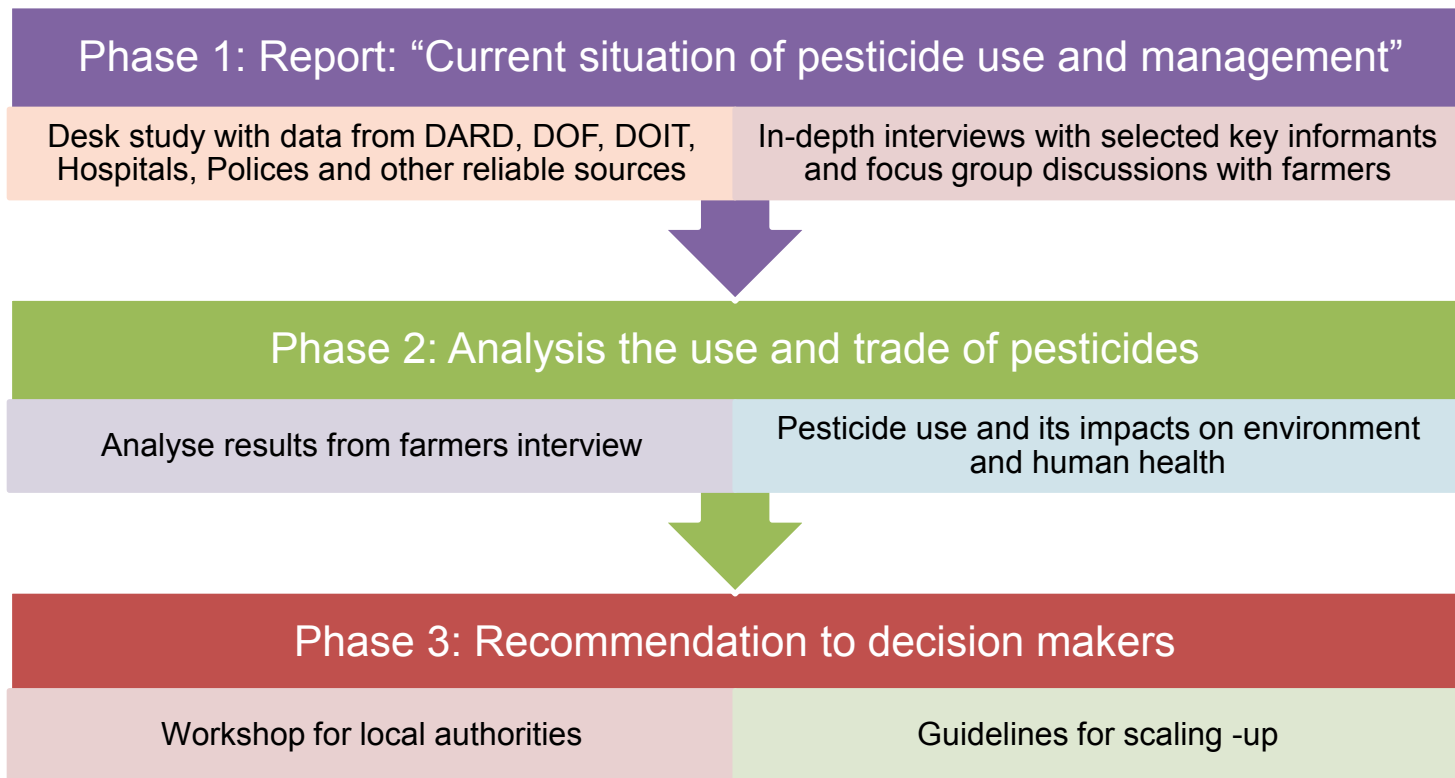

PPP Agrochemical Taskforce – Key outcome

- 4 TF meetings organized in 2016
- Achievements:
 - DPP reviewed **list of Agrochemicals and MRLs** allowed in Pepper/Tea in Vietnam compared with other countries
 - DPP & agrochemicals producers contribute to develop Agrochemical management modules in **National Sustainability Curriculum** for Pepper/Tea
 - DPP & VITAS, IDH, Unilever and Croplife develop and implement initiatives on Agrochemicals use control via **Agri-Team Model**
 - Lam Dong Province, IDH, Fresh Studio and local companies plan piloting improved **management system for agrochemical use and trade** in Lam Dong

PPP Agrochemical Taskforce – Key outcome

Pilot an improved management system for agrochemical use and trade in Lam Dong

Recommendations to MARD/GOV

- We need
 - stricter registration/control of agents
 - better product labeling
 - IT tools/ID system for farmers
- Engage more actively in spices and agrochemical taskforces activities with specific actions implemented
- Agree to establish Vietnam Pepper Coordination Board or institutionalize the taskforce under a PPP Cooperation Agreement
- Agree and collaborate to pilot the implementation of transparent controlling system for agrochemical trade and use in Lam Dong province

Thank You
